Opening a UK office

At Beavis Morgan we have years of experience in helping overseas businesses establish in the UK, either as a gateway to Europe, or a natural extension to an existing European group.

WE CAN HELP BY:

- Removing the barriers – and the fear of the unknown
- Explaining the rules – how the tax and legal systems work
- Assembling your team – with introductions to our solicitor, bank and other contacts
- Developing the plan – advising on the steps to take
- Managing the process – so that you can focus on developing your business
